NORTH EAST TEXAS REGIONAL MOBILITY AUTHORITY

Tolling and Road Use Policies

1.0 PURPOSE

The North East Texas Regional Mobility Authority (NET RMA) is an independent government agency created to accelerate the development of transportation projects in North East Texas. Our mission is to implement transportation solutions that will enhance the quality of life and the economic environment in our area. The policies identified within this document are applicable only to NET RMA toll facilities.

2.0 REVISIONS TO TOLL POLICIES

Policies reflected in this document may be revised by formal action of the NET RMA Board of Directors. Revisions may be necessary to address operational changes, changes in law that affect the NET RMA, or requirements and commitments related to project financing, among other program or project modifications.

3.0 TOLL COLLECTION POLICY

3.1 All Electronic Toll Collection

To promote a safe, efficient, and effective toll collection system, the NET RMA will utilize all-electronic toll collection methods, including the use of transponders and video capture methods. A transponder is an electronic device that records the presence of a vehicle on a toll road and is usually attached to the windshield of the vehicle. Under these electronic toll collection (ETC) methods, accommodations for cash toll transactions will not be provided. The video toll collection (VTC) component of the ETC system shall utilize video images for customers without a transponder, wherein a toll bill is generated from video images of the customer's license plate and sent to the vehicle owner for payment of the toll transaction.

3.2 Interoperability

The NET RMA offers transponder billing as a payment option for customers that use its toll facilities with an interoperable transponder account. Each transponder issuer that is interoperable with the NET RMA's toll facilities has its own user agreement concerning requirements to open and maintain a transponder account. The NET RMA will maintain a list of transponder programs that are interoperable with the NET RMA's toll facilities.

3.3 Exemption from Payment of Tolls

Users of NET RMA toll facilities shall be required to pay a toll unless they are determined to be exempt under applicable law or, subject to commitments contained in any financing documents, or as authorized by the NET RMA Board of Directors.

3.3.1 Emergency, Nonprofit Disaster Relief, and Military Vehicles

In accordance with the provisions of Sec. 370.177, 362.901, 502.454, and 541.201 of the Texas Transportation Code, NET RMA will create technical procedures to ensure that authorized

emergency vehicles, as well as state and federal military vehicles, are exempt from paying tolls on the NET RMA operated facilities.

3.3.2 Public Transit Vehicles

In accordance with the provisions of Sec. 370.177 of the Texas Transportation Code and to facilitate a multi-modal transportation system that ensures safe and efficient travel for all individuals in the Tyler region, the NET RMA shall allow “public transit vehicles” free usage of any toll facilities in operation by the NET RMA. Public transit vehicles are defined as transit buses and sixteen (16) passenger vans or larger that are operated by or on behalf of the City of Tyler (Tyler Transit) or the County of Smith. Public transit operators will be required to outfit public transit vehicles with transponders to receive any applicable benefits.

3.4 Toll Rates & Fees: Toll 49 Project

3.4.1 Toll Rate Escalation

Subject to the provisions below, as well as to the requirements of any agreements related to project financing, the toll rate will be inflated annually using the greater of 2.5% or the Consumer Price Index (“CPI”), up to a maximum of 6% (the “Toll Rate Escalation Percentage”). If the change in CPI is greater than 6%, the percentage change in CPI over 6% is excluded from that period’s inflation adjustment and will be applied in the next inflation adjustment period (“rollover increase”). If the addition of the rollover increase in a given year results in a total annual escalation of greater than 6%, the excess would then rollover to the following year. For purposes of this policy document, CPI is defined as the most recently published non-revised index of Consumer Prices for All Urban Consumers (CPI-U) before seasonal adjustment, as published by the Bureau of Labor Statistics of the U.S. Department of Labor.

The Toll Rate Escalation Percentage was implemented on December 31, 2016, and will be applied every two years thereafter (the “Toll Rate Escalation Date”). The Toll Rate Escalation Percentage shall be reported to the Board at a Board meeting occurring no later than November in years in which a Toll Escalation is scheduled to occur. The percentage increase in the toll rates shall be effective on December 31 of the same calendar year, unless at such Board meeting the Board affirmatively votes to modify the Toll Rate Escalation Percentage. If the Board votes to modify the Toll Rate Escalation Percentage, the toll rate increase to be effective on the Toll Rate Escalation Date for that year shall be based on the modified Toll Rate Escalation Percentage.

3.4.2 Toll Rate Multipliers

The following table sets forth the multipliers that will be used for various vehicle types:

Toll Rate Multipliers	
Cars, motorcycles and trucks	1 X Base Rate
SUV, Passenger Car with Trailer	2 X Base Rate
Unibody Truck	3 X Base Rate
Tractor Trucks w/one Trailer	4 X Base Rate
Tractor Trucks w/two Trailers	5 X Base Rate
Emergency first responders	\$0.00

3.4.3 Toll 49 Toll Rates

The toll rates for Toll 49, effective as of December 31, 2025, are set forth in the following table. The notices will be subject to adjustment pursuant to the Toll Rate Escalation described above.

Toll 49	2-Axle (Base Rate)		3-Axle (2 x Base Rate)		4-Axle (3 x Base Rate)		5-Axle (4 x Base Rate)		6-Axle (5 x Base Rate)	
Toll Gantry Location	Transponder	Pay by Mail	Transponder	Pay by Mail	Transponder	Pay by Mail	Transponder	Pay by Mail	Transponder	Pay by Mail
Stevenson Mainline	\$1.67	\$2.51	\$3.34	\$5.02	\$5.01	\$7.53	\$6.68	\$10.04	\$8.35	\$12.55
FM 16 Ramps	\$0.77	\$1.16	\$1.54	\$2.32	\$2.31	\$3.48	\$3.08	\$4.64	\$3.85	\$5.80
Prairie Creek Mainline	\$2.52	\$3.78	\$5.04	\$7.56	\$7.56	\$11.34	\$10.08	\$15.12	\$12.60	\$18.90
SH 64 Ramps	\$0.66	\$0.99	\$1.32	\$1.98	\$1.98	\$2.97	\$2.64	\$3.96	\$3.30	\$4.95
SH 31 Mainline	\$1.50	\$2.25	\$3.00	\$4.50	\$4.50	\$6.75	\$6.00	\$9.00	\$7.50	\$11.25
Saline Creek Mainline	\$1.29	\$1.94	\$2.58	\$3.88	\$3.87	\$5.82	\$5.16	\$7.76	\$6.45	\$9.70
FM 2493 Ramps	\$0.60	\$0.90	\$1.20	\$1.80	\$1.80	\$2.70	\$2.40	\$3.60	\$3.00	\$4.50
FM 756 Ramps	\$0.50	\$0.75	\$1.00	\$1.50	\$1.50	\$2.25	\$2.00	\$3.00	\$2.50	\$3.75
SH 110 Mainline	\$1.16	\$1.74	\$2.32	\$3.48	\$3.48	\$5.22	\$4.64	\$6.96	\$5.80	\$8.70

3.5 Administrative Fees for Unpaid Tolls

Section 370.177 of the Texas Transportation Code provides for the collection of an administrative fee to recover a regional mobility authority's cost of collecting unpaid tolls. The referenced "Administrative Fee" may not exceed \$100.00. NET RMA has determined that such fees may vary depending on how far in the collection process a delinquent account proceeds and shall be assessed as noted in this subsection.

An administrative fee shall be applied at each phase of non-payment in addition to the unpaid toll. An additional administrative fee shall be imposed upon the filing of a criminal complaint for non-payment or upon the determination of habitual violator status. The administrative fee for each billing phase and enforcement level shall be approved by the NET RMA and published on the authority's website. The NET RMA Board recognizes that the amount of the Administrative Fee may require periodic revision when collection costs and associated matters are considered. Therefore, the NET RMA may periodically reevaluate collection costs and may revise the associated Administrative Fees accordingly. Administrative Fees may also be waived by the NET RMA Board in accordance with procedures that enhance collection efforts for tolls due by delinquent customers.

3.5.1 Publication of Nonpaying Vehicle Information

The NET RMA may publish a list of the names of the registered owners or lessees of nonpaying vehicles who at the time of publication are liable for the payment of past due and unpaid tolls or Administrative Fees.

3.6 Prosecution for Unpaid Notices of Non-Payment

If payment has not been made in response to the third and final notice of non-payment, and the toll amount and corresponding fees remain outstanding, the violating customer may be referred for prosecution. An offense for failure or refusal to pay a toll under Section 370.177, Transportation Code, is a misdemeanor subject to a fine of up to \$250.00 for each offense.

If convicted of the offense, a violating customer may be liable for: (i) the unpaid toll amount and associated collection fees; (ii) a \$100 Administrative Fee per offense in lieu of the Administrative Fees which accrued during the toll bill process; (iii) court costs; and (iv) a fine of up to \$250.00.

In the prosecution of an offense under Sec. 370.177, proof that the vehicle passed through a toll collection facility without payment of the proper toll, together with proof that the defendant was the registered owner when the failure to pay occurred, establishes the nonpayment of the registered owner. The proof may be by testimony of a peace officer or NET RMA employee or contractor, video surveillance or any other reasonable evidence.

Under provisions of Sec. 370.177, there are certain exceptions to violation for failure to pay a toll regarding rental cars and vehicles sold but for which title has not been officially transferred by the applicable state agency. In addition, it is a defense to prosecution if the vehicle is stolen prior to the failure to pay a toll, but only if the theft is reported to the appropriate law enforcement agency within the required time period.

3.7 Habitual Violators

Subchapter C, Chapter 372, Texas Transportation Code, "Nonpayment of Tolls; Remedies" provides additional authority to enforce toll violations of certain customers who repeatedly refuse to pay toll charges.

In addition to any and all other available toll enforcement remedies, the NET RMA may initiate the enforcement actions set forth in this Section 3.7 against habitual violators. A "habitual violator" is a registered owner of a vehicle who the NET RMA Board of Directors determines was issued at least 2 written notices of non-payment that contained an aggregate of 100 or more events of nonpayment within a period of 1 year. The determination is subject to the defense that the vehicle was either subject to a lease at the time of the non-payment or it can be established that the vehicle had been stolen at the time of non-payment.

Upon making the determination that a person is a habitual violator, the NET RMA shall notify the person that they have been determined to be a habitual violator, and that they have 30 days in which to request a hearing before the Justice of the Peace for Smith County to contest that determination. The Justice of the Peace's decision confirming the NET RMA's determination of habitual violator status may be appealed to the Smith County Court at Law not later than the 30th day after the date on which the decision was rendered. Failure to request a hearing, or the failure to appear for a hearing after one is requested, will result in the NET RMA's determination of habitual violator status being deemed final and not appealable.

Once the NET RMA's determination of habitual violator status has been deemed final and not appealable, the NET RMA may report the habitual violator determination to the Tax Assessor Collector of the county in which the vehicle is registered and/or to the Texas Department of Motor Vehicles and request that the habitual violator's vehicle registration or renewal be refused until the habitual violator has satisfied their outstanding obligations.

The NET RMA Board of Directors may also adopt an order prohibiting the operation of the habitual violator's vehicle on a NET RMA toll project and shall mail notice of the order to the habitual

violator. If the habitual violator operates a vehicle on a toll project in violation of the order of prohibition, the person commits a Class C misdemeanor.

3.8 Toll Incentives, Discounts and Deferrals

To promote the use of NET RMA toll facilities and maximize the use of toll tags in lieu of the use of VTC transactions at its toll facilities, the NET RMA may from time-to-time conduct promotions and marketing activities. Accordingly, the NET RMA may offer customer incentives and discounts for use of NET RMA toll facilities. Similarly, the NET RMA may approve clearly defined introductory periods upon the opening of a new toll facility in which the initial toll rate may be less than the actual toll rate in place at the conclusion of such introductory period.

For any toll project to be developed in phases, and on a project specific basis in the discretion of the Board of Directors, the NET RMA may defer the commencement of toll collection operations on a phase of the project until additional phases of the project are constructed so as to provide continuous uninterrupted travel for a distance, or to a destination. In such event, the NET RMA shall install signage on or along the project (or any phase thereof) indicating that toll collection operations are being deferred and that tolls will be collected on the entirety (or any portion) of the project in the future.

Notwithstanding the preceding, the NET RMA may also adopt additional toll incentives, discounts and deferrals in the sole discretion of the NET RMA Board of Directors.

3.8.1 Qualified Service Member Discount Program

The NET RMA will allow qualifying military veterans and peace officers an exemption from the payment of tolls on Toll 49. Section 372.053 of the Texas Transportation Code allows toll agencies the opportunity to reduce or eliminate the payment of tolls for vehicles displaying certain qualifying veteran or peace officer license plates. Under this authority, eligible license plates include those issued to Disabled Peace Officers, recipients of the Congressional Medal of Honor, recipients of the Legion of Valor, recipients of the Purple Heart, and Disabled Veterans.

To qualify at the time of the transaction, the vehicle must be registered with the Texas Department of Motor Vehicles as the qualified service member's primary vehicle, be titled and registered in the qualified service member's name, display one of the eligible specialty license plates listed above, and use an electronic toll tag associated with that plate. In addition, the vehicle must have no current or outstanding NET RMA toll violations.

Qualified service members who do not currently have an electronic tag should contact NTTA at 972-818-6882 or visit NTTA.org to register for a TollTag, and once the TollTag is received, contact the NET RMA at 903-630-7894 or use the provided online link to have the tag ID added to the Qualified Service Member Discount Program. Qualified service members who already have an electronic tag should call the NET RMA at 903-630-7894 or use the online link to have their existing tag number added to the program.

Once registration is completed with NET RMA, vehicles displaying any of these qualifying license plates will receive complete exemption from tolls assessed by the NET RMA on Toll 49.

4.0 ROADWAY OPERATIONS POLICY

4.1 Statement of General Policy

Pursuant to Section 370.033(a)(12), Transportation Code, this section of the policy document adopts and establishes rules for the use of the NET RMA's toll facilities. These provisions are in addition to and an enhancement of the provisions of Subtitle C, Title 7, Transportation Code (the "Statutory Rules of the Road"). The NET RMA expressly adopts these provisions and those set forth in the Statutory Rules of the Road. To the extent any irreconcilable conflict arises between the provisions hereof and the Statutory Rules of the Road, the Statutory Rules of the Road shall control.

4.2 Speed Limits

Subchapter H, Chapter 545, Transportation Code, "Speed Restrictions," governs speeds on highways in the State of Texas. Under Section 370.033, Transportation Code, the authority may alter prima facie speed limits on its toll roads, provided the Texas Department of Transportation Procedures for Establishing Speed Zones, current edition, are followed.

Guidelines established by the Texas Department of Transportation's Procedures for Establishing Speed Zones, current edition, will be used in conducting Speed Zone Studies and establishing Speed Limits on NET RMA operated toll facilities. The data collected during the Speed Zone Studies are analyzed to determine the 85th Percentile Speed. The 85th Percentile Speed is the speed at which 85% of the traffic at a specific test site is traveling at or slower. The 85th Percentile Speed will be the basis for how the posted speed limit is determined.

To the extent that the maximum speed limit provided by law for a vehicle or class of vehicles is lower than the minimum speed limit established on a NET RMA operated toll facility, then such vehicle or class of vehicles shall observe the maximum speed limit provided by law. In no event shall a vehicle be driven in excess of the legal speed limit.

Maximum speeds within construction, transitional or reduced speed zones or during any period of adverse atmospheric or weather conditions shall be in accordance with signs displayed for such zones. All regulatory and zoning signs displayed on NET RMA operated toll facilities shall be obeyed.

Motor vehicles shall not be driven in excess of the mechanical limits of vehicles or tires. If traffic, weather, pavement or other conditions render the maximum allowable speed hazardous, the speed of motor vehicles shall be reduced consistent with such conditions.

4.3 Parking

Parking or stopping of vehicles on any traffic lane, deceleration lane, acceleration lane or on any bridge is prohibited with exceptions provided for vehicles which become disabled, law enforcement and emergencies. All wheels and projecting parts of the vehicle or load shall be completely clear of the traffic lane.

During the period beginning 30 minutes after sunset and ending 30 minutes before sunrise or at any other time when insufficient light or unfavorable atmospheric or weather conditions require, any parked or disabled vehicle shall display illuminated parking and tail lights or lighted flares to indicate its location.

Unnecessary parking or parking of vehicles for extended periods of time is prohibited, and the driver of a disabled vehicle shall arrange for its prompt removal from NET RMA operated facilities.

For an offense under this section, it is presumed that the registered owner of the vehicle is the person who parked the vehicle at the time and place an offense under this section occurs.

The NET RMA will monitor all NET RMA facilities for vehicles in violation of this section. Upon identification of an unattended or illegally parked vehicle located on any portion of a NET RMA facility, including the associated right-of way, the NET RMA shall notify the appropriate law enforcement agency of the vehicle's location. The law enforcement agency may, in its own discretion, remove the vehicle from the NET RMA facility in accordance with state law.

4.4 Median Strip

The median strip is the area between the entrance/exit ramps and main traffic lanes for the purpose of separating traffic. Crossing, driving, parking or stopping on the median strip is prohibited on any NET RMA toll facilities except as necessary for official maintenance, operational, law enforcement and emergency uses.

4.5 No U-Turn

Except as specifically provided for as standard turnarounds, U-turns at any location on NET RMA operated toll facilities are prohibited with exceptions provided for official maintenance, operational, law enforcement and emergency responders.

4.6 Pedestrians

Pedestrians are not permitted on the main-lane roadways, access ramps or any interchange of NET RMA toll facilities. Solicitation of rides or "hitchhiking", panhandling, passing of handbills, displaying signs or attempting to sell merchandise is prohibited on NET RMA operated toll facilities. Loitering on any NET RMA property is prohibited.

4.7 Prohibited Modes of Transportation

No person shall operate any of the following on any roadway or access ramp operated by the NET RMA:

- Animal drawn vehicles;
- Animals - led, ridden or driven;
- Vehicles loaded with animals or poultry not properly confined;
- Vehicles with flat pneumatic tires;
- Vehicles in the charge of intoxicated or otherwise incapacitated operators;
- Vehicles with improperly secured loads which may shift or litter the highway;
- Vehicles with metal tires or which have solid tires worn to metal;
- Farm implements;
- Disabled vehicles in tow by tow-rope or chain;
- Rollers, graders, power shovels, tractors or other construction or farm equipment, either self-propelled or in tow of another vehicle, unless such equipment is either: truck mounted, and such truck can be operated at a minimum speed of 45 miles per hour while traveling on the main-lane roadways of NET RMA operated toll roads, weather and road conditions permitting, or owned or controlled by the NET RMA or by any contractor in connection with the performance of work authorized by the NET RMA; or

- Vehicles exceeding the maximum weights allowed on State Highways under the motor vehicles laws of the State of Texas in effect from time to time. Additionally, vehicles including any load thereon exceeding the following maximum dimensions are prohibited:

Height	14 feet 6 inches
Width	8 feet 6 inches
Length	The maximum allowable lengths permitted on Interstate highways and other controlled access roadways in Texas pursuant to the motor vehicle laws of the State of Texas, as in effect from time to time, without an over-length permit.

4.8 Evasion of Fare

Entering or leaving NET RMA operated toll facilities or any part of its right of way except through the regular tolled lanes or entrance and exit points or committing any act with intent to defraud or evade payment of fare is prohibited.

4.9 State Laws

All laws, rules and regulations in the State of Texas pertaining to the use of public highways and policing thereof, including but not limited to the Statutory Rules of the Road, shall apply to NET RMA operated toll roads, except insofar as they may be supplemented by this policy document.

4.10 Penalties

Any violation of a provision of this policy document shall be deemed an offense as defined in the Statutory Rules of the Road and shall be subject to prosecution and penalties as set forth in the Statutory Rules of the Road.

4.11 Bicycles, Mopeds, Motor-Driven Cycles and Electric Bicycles

Bicycles or tricycles, with or without motors, motor driven cycles, including motor scooters, mopeds, and electric bicycles, are not permitted on the main-lane roadways or main-lane shoulders of NET RMA toll facilities at any time.

[END OF POLICY DOCUMENT]
