

NE Texas RFQ for Toll 49-3B

TollRoadsNews Posted on Sun, 2009-09-20 08:44

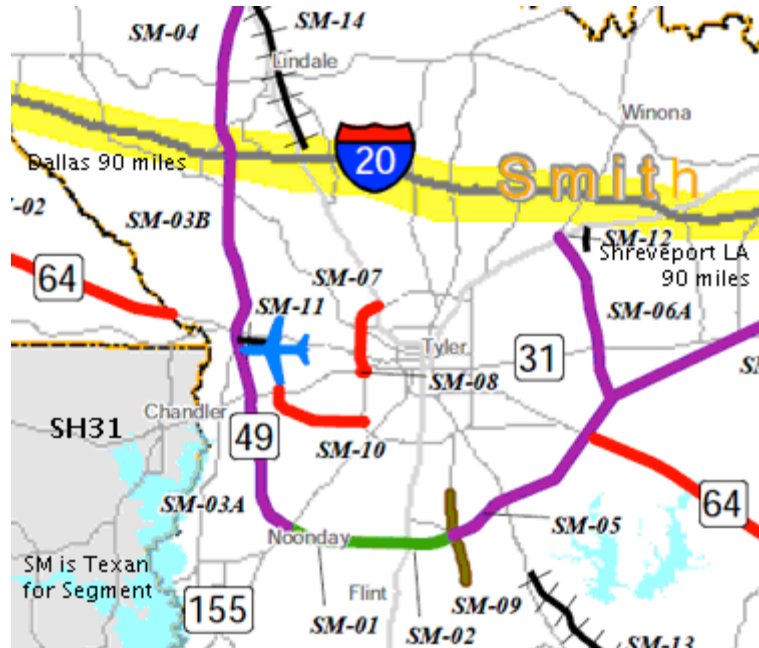

North East Texas Regional Mobility Authority (NETRMA) are beginning procurement of a new stretch of their Toll 49 pike in the Tyler area. They call it Segment 3B. It is 15.6km, 9.7 miles in length and goes between I-20 and SH31.

NETRMA are seeking qualifications for a design-build contract which they call a comprehensive development agreement (CDA) - not to be confused with CDAs sponsored by TxDOT which involving financing and tolls or toll concessions.

NETRMA, a local public toll agency do their own financing and assume the toll risk/reward.

Segment 3B will provide a quick run to I-20 for residents of south Tyler.

NETRMA have 10km, 6.2 miles of segment 3A under construction currently from SH31 south to SH155.

The RFQ for segment 3B Design/Build CDA is available at:

<http://www.netrma.org>

Tyler is midway between Dallas TX and Shreveport LA, about 145km, 90 miles from each.
