**TOLL 49 SEGMENT 3B
Tyler, Texas – October 31, 2011**

Notice of Traffic Disruption

On the morning of Friday November 11th, CH2M Hill, the NET RMA's Design/Build contractors, will be disrupting traffic at the intersection of SH 64 and Toll 49. The installation of concrete bridge beams will be taking place requiring closure of the eastbound lane; cranes will be used in the placement process therefore potentially hindering traffic flow. Flaggers will be directing traffic on the remaining open lane during this period between 9AM-12PM. Motorists are encouraged to find alternate routes to avoid potential delays in the construction area.

About the NET RMA

The NET RMA is an independent government agency created to accelerate the development of transportation projects in North East Texas. Our mission is to implement transportation solutions that will enhance the quality of life and the economic environment in our area. The NET RMA is governed by a 19-member board of directors that represent each of the member counties: Bowie, Cass, Cherokee, Gregg, Harrison, Panola, Rusk, Smith, Titus, Upshur, Wood and Van Zandt. Texas RMAs were made possible through an initiative passed by State Legislature in 2001. The NET RMA was established in October 2004.
