June 23, 2009

Mr. Jeff Austin, III
Austin Bank
305 S. Broadway Ave. Ste. 100
Tyler, TX 75702

Dear Mr. Austin, III,

On June 17, 2009, the North East Texas Regional Mobility Authority (NET RMA) Board of Directors formally adopted the Rail Plan submitted by the NET RMA Rail Committee. The plan, which outlines the potential rail projects that the NET RMA may choose to undertake, was developed over the past six months by the Rail Committee. I am pleased to present the Rail Plan for your review (see attachment).

As you will see in the document, the NET RMA Rail Committee utilized seven selection criteria to create the final project list. This process was devised so that we might identify the rail projects in northeast Texas that will, among other benefits, serve the most citizens, make the best use of funding, and improve safety. We believe that the projects we have selected meet those criteria.

Now that our plan is adopted, our next step is to seek funding for the projects. We know that this is a difficult economic climate, and that we must think creatively and work together to find solutions to our challenges. The NET RMA, and the NET RMA Rail Committee, is committed to seeing these projects move forward in a timely manner. We ask for your support of the plan, and encourage your feedback. We will keep you apprised of our progress.

Sincerely,

Celia Boswell
Chair, NET RMA Rail Committee

Enclosure: NET RMA Resolution 09-17
NET RMA Rail Plan

**GENERAL MEETING OF THE BOARD OF DIRECTORS
OF THE
NORTH EAST TEXAS REGIONAL MOBILITY AUTHORITY**

RESOLUTION NO. 09-17

WHEREAS, the North East Texas Regional Mobility Authority ("NET RMA") was created pursuant to the request of Gregg and Smith Counties and in accordance with provisions of the Transportation Code and the petition and approval process established in 43 Tex. Admin. Code § 26.01, *et seq.* (the "RMA Rules"); and

WHEREAS, the Board of Directors of the NET RMA has been constituted in accordance with the Transportation Code and the RMA Rules; and

WHEREAS, subsequent to the initial formation of the NET RMA the Counties of Cherokee, Rusk, Harrison, Upshur, Bowie, Cass, Panola, Titus, Van Zandt, and Wood joined the Authority; and

WHEREAS, the NET RMA is continually looking for innovative transportation solutions that will enhance the quality of life and improve the economic environment in North East Texas; and

WHEREAS, the NET RMA is authorized to study feasibility, design plans, and construct railways in North East Texas; and

WHEREAS, rail provides a safe, efficient, and environmentally-friendly means of transportation; and

WHEREAS, the demand for both freight and passenger rail is increasing, and rail is likely to be an important means of transport for future generations; and

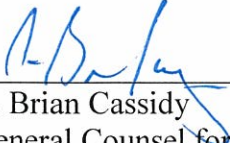

WHEREAS, the NET RMA Rail Committee has considered and studied potential rail projects to be undertaken by the NET RMA and has developed a Rail Plan, summarized in Attachment "A".

NOW THEREFORE, BE IT RESOLVED, that the Board of Directors of the NET RMA hereby approves the list of potential rail projects to be undertaken by the NET RMA as reflected in the Rail Plan summarized in Attachment "A"; and

BE IT FURTHER RESOLVED, that the NET RMA Rail Committee is authorized to take such next steps as may be necessary and appropriate to further develop plans for the financing and development of the projects in the NET RMA Rail Plan, with such plans to be presented to the full Board of Directors for approval.

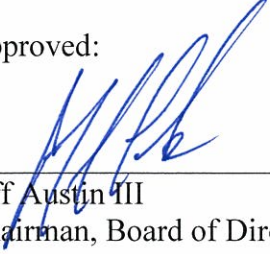

Adopted by the Board of Directors of the North East Texas Regional Mobility Authority on the 17th day of June, 2009.

Submitted and reviewed by:

C. Brian Cassidy
General Counsel for the North East
Texas Regional Mobility Authority

Approved:

NET RMA RAIL COMMITTEE PROJECT SELECTION CRITERIA

History

The North East Texas Regional Mobility Authority (NET RMA) Rail Committee held its first official meeting in January 2007. From February 2007 until December 2008, the Rail Committee completed several tasks, including outlining the committee function and structure, conducting a Rail Survey of key stakeholders in the area, and submitting a Congressional Appropriations Request for rail study funding.

Developing Project Selection Criteria

In January 2009 the Rail Committee set a goal to prioritize rail projects in northeast Texas in order to formulate a Rail Plan. At the February 2009 meeting, the committee members reviewed ten possible Project Criteria that could guide the selection of rail projects. The committee then voted to determine which criteria were the most important, and a final list of seven criteria was identified:

1. Has Regional Significance (serves most member counties)
2. Volume and Speed of Trains/Cars Per Day (reduce bottlenecks)
3. Preservation of Rail Corridors
4. Intermodality
5. Near Shovel Ready (Environmental, ROW, Plans Complete)
6. Opportunity for Economic Development
7. Improves Safety

The final seven criteria are used as benchmarks to prioritize the list of potential projects the NET RMA Rail Committee would like to pursue.

In the March 2009 Rail Committee meeting, a draft rail plan document was approved by the committee as the first step to moving ahead with a Rail project in the Northeast Texas Region. Further evaluation of these projects will be required based on achieving or meeting the goals as selected by the Committee to determine which projects provide the greatest benefits to the region at the least costs.

The Rail Committee requests approval of the attached Draft Rail Plan as the basis to start the next level of Evaluation.
